

Strategy for promoting attendance

Keyingham Primary School is committed to ensuring all its students receive a full-time education which maximises opportunities and achievement for all. For students to gain the most from their time at Keyingham Primary School, it is vital that they maintain excellent attendance and punctuality and we are committed to supporting students and their parents/carers in sustaining this throughout their time at school. Staff strive to provide a welcoming, caring and safe environment where each student can engage in all opportunities offered. We aim to build strong relationships with families to ensure students have the support in place to attend school and believe that early intervention and working with other agencies is necessary to ensure the health and safety of our pupils.
