

Measurement

Learning Objective:- I can use natural materials to measure length and height

You will need:-

Sticks
Stones
Pinecones

When you have gathered all or some of the above, find some objects to measure.

Activity:-

How many pinecones long is your toy bus or toy car?

How many stones long is your doll?

Questions:-

Which object is longer?
Which object is shorter?
How do you know?

Try measuring your height in rocks, pinecones or sticks by laying on the ground. You can also measure members of your family.

Who is taller?
How do you know?

Have fun!

We look forward to seeing photographs of your activity.
