

## Measuring

### You will need:-

A ruler (showing cm and mm)

### Activity:

Take a ruler with you on a walk. How many things can you measure? Collect as many of these items as you can along the way.

Can you measure?

- A tree
- Leaves
- Rocks
- Sticks
- You might even be able to measure an insect.

Once you have enjoyed measuring lots of things, can you sort them into longest and shortest?

Have fun!

We look forward to seeing photographs of your activity.
