

Year 3 Spring

There are lots of different races and games that will go on in the Olympic Games.

You may be able to remember your school sports day when there were lots of races and games.

Is there a race or game that you would like to be in? Or

Do you have a favourite race or game that's part of the Olympic Games?

What about the rest of your class, do they have a favourite race or game?

Can you think of a way that would tell other classes what race or game is liked by most of your class?

Could you also think of a way to show what is least popular?

How would you do that?

Another thing that you may be able to do is to show other classes which races or games are most liked by your class.

Key questions

Tell me what information you want to collect.

How did you decide?

Who are you going to ask?

How will you know who you've asked?

Show me the data you have collected in the form of graphs and tables. If you would like some squared paper to help you, please ask at school and Mr Copley will be happy to provide some for you.
