Dear Parents/Carers,

RE: Arbor Update

There has been some backdated information that can now be accessed on the Arbor App. This relates to House Points and Behaviour Incidents.

House Points are awarded when students do positive actions in school. This can be related to work in class or actions throughout school. Any member of staff can award House Points to a child.

Behaviour Incidents relate to our Behaviour Policy which can be found [here](#). If a child receives a level 1 (C1), they need to fix it within the class/school. If your child receives a level 2 (C2), a message will have been sent home. If your child receives a level 3 (C3), a phone call home will have been made.

If you would like any further information relating to House Points and Behaviour incidents, please contact your child's class teacher in the first instance.

Yours sincerely,

Victoria White
Headteacher
